Receive Many Boxes in "Gifts for Yanks" Drive

Report 200 Gifts Have Already Been Turned in; Dec. 9 Closing Date

Approximately 200 boxes are reported to have been received to date in the "Gifts for Yanks" campaign being sponsored by Antioch Post No. 748 of the American Legion and its auxiliary, with the cooperation of other organizations in Antioch, Lake Villa and nearby territory.

Attracting much attention in connection with the drive is the lighted display window at Williams' Department store, where some of the gift boxes already received are shown against a background of deep blue with silver stars, simulated snow and evergreen sprays.

List Collection Centers

Collection centers in Antioch include Webb's Racket store, the Otto S. Klass store, Holbek's 5 and 10 cent store, Reeves' drug store, King's drug store and Williams'; in Lake Villa, Hooper's drug store, Reinebach's and Effinger's.

Dec. 9 is the last date on which gift boxes can be brought to these collection centers, the sponsors emphasize.

Gifts should be between \$1.00 and \$5.00 in value and the parcel should contain a card with the donor's name and address. The parcels should be marked on the outside, "G. I. Joe" or "G. I. Jane," since gifts may be sent for Wacs, Waves, women Marines or nurses who are patients in service hospitals.

Post War Farm Problems Will Be Discussed Dec. 11

Postwar farm problems and the efficient use of labor in farm operations will be discussed at 1 p. m. in the Farm Bureau hall, Grayslake, Dec. 11, announces Ray T. Nicholas, county farm adviser. Farmers and their wives are invited to attend. Nicholas says:

"R. L. Jepson, field representative for the Northeastern Illinois Farm Bureau-Farm Management service, will talk on prospects for 1945 and their effect on farm prices. F. F. Gingrich, assistant state extension farm labor supervisor, VFW, will discuss farm planning with emphasis on labor efficiency.

Farm records show that some farmers in the area produce more crops and livestock with 19 months of labor than their neighbors produce with 30 months of labor. The reason for this difference will be discussed and illustrated from records of actual farm operations. A procedure will be outlined which will enable each farmer who attends to make better plans for his crop and livestock program for 1945, a year in which efficient farm production will again be an important part of the war effort.

The meeting will be open to the public.

Capt. Zimmerman, on Leave from Army, to Be at Dental Offices

Capt. J. J. Zimmerman, now on leave from the U. S. Army Medical department, announces in this issue of the Antioch News that he will be available at the dental offices over the post office, in association with Dr. L. V. Madden, until Jan. 27.

Capt. Zimmerman, a veteran of the first World War, returned to active duty with the army about four years ago and was assigned to foreign service, principally in the Caribbean area, until returned to this country for medical treatment.

He had also served for some time with the army in conjunction with its supervision of the Civilian Conservation Corps, in the 1930's.

Party and Dance Planned by Hickory Club

Plans realized from a card party and dance the Hickory Corners Women's club will sponsor in the school building Saturday evening, Dec. 9, will be toward the purchase of projector equipment for the children.

The hundred and pinocle will be played until 10:30 o'clock, when a supper will be served. Dancing will follow the rest of the evening.

The committee for the party are: Mrs. Spiering, president of the club; Mrs. Henry Friese, secretary; Mrs. Vera Ranney, treasurer; Mrs. Ralph Miller, Gordon; Mrs. Hugg, William; Mrs. Hugg, William; Mrs. Hugg, William.

The party will be open to the public and is free. The schoolhouse is on U. S. Highway 45, about 1/2 mile north of Highway 172.

No Christmas Lights Along Streets This Year, Council Says

A request from the federal government to refrain from any extra outside lighting, which was received last year and has never been rescinded, is being heeded by the Antioch village council and there will be no ornamental Christmas lights on the streets through the business section, it was voted at a meeting held by the council Monday evening.

Walter I. Scott, who presided in the absence of Village President George B. Bartlett, received reports that a check on the policy followed by many nearby cities reveals that they also plan to dispense with outdoor Christmas lights. This decision has been influenced by the belief that power plants in industrial areas are carrying a heavy load because of the demands of war work, and that extra demands on their power resources are undesirable.

Antioch's annual Christmas treat for the children will probably be handled through the schools, according to plans discussed by the council.

News of the Boys in Service

RAY QUEDENFELD ENJOYS REST AT MANOR HOUSE

Word has been received from an Air Service Command station somewhere in England that S/Sgt. Ray Quedenfeld, son of Mr. and Mrs. Henry Quedenfeld, 520 Lake street, recently enjoyed a recess from aerial warfare at an Air Service Command rest home—a remodeled English manor house where America's airmen who provide aerial cover for the advancing Allied armies in Germany may relax between missions.

Here, Sgt. Quedenfeld put on sports clothes and lounged in the restful atmosphere of an old country home complete with butler, tea in bed, and every type of recreational facility. American atmosphere and all the touches of home are provided by the American Red Cross, co-partner with the Air Service command in the operation of the rest home. After 7 days he went back to his combat station ready to play his part once again in the air battle supporting the Allied march across Germany.

Sgt. Quedenfeld has completed 16 missions over Nazi-dominated Europe. Before entering the army he was employed as a packer at the Abbott laboratories in North Chicago.

Ben E. Noble, somewhere in the Pacific, care of San Francisco Fleet post office, says:

"Everything is as good as could be expected. I hope you are all well, and I may be seeing you in near future.

"Please tell Comrade Horton I hope to take my boat out of hock this coming spring."

HAROLD A. ATWOOD IS MADE STAFF SERGEANT

From headquarters of the U. S. army forces in the middle east comes the announcement that Harold A. Atwood, son of Mr. and Mrs. Charles A. Atwood, Route 2, was recently promoted from sergeant to the grade of staff sergeant.

"S/Sgt. Atwood entered the service in 1942, receiving his training in the air corps, and is now serving in an air corps unit stationed in the middle east," the news release continues.

"A student before entering the service, he attended Blackburn college in Carlinville, Ill.

"S/Sgt. Atwood has two brothers also in the services, James M. Atwood, a private in the medical corps, and Howard R. Atwood, in the navy."

Use of Electricity on Farms Reported on Gain

More than 400 new farm customers were added to the rural electric lines of the Public Service company of Northern Illinois during the first nine months of 1944, pushing the total number of farm and rural units served with electricity past the 24,800 mark for the first time in the company's 33-year history of bringing electric power to farmers.

The company reported that farm electric customers are being added wherever applicants can justify their wartime need for electricity under war production board regulations. This year's additions to date lengthened the company's rural power lines by 50 miles to bring total mileage to more than 6,620 across a 16-county area in which approximately 86 per cent of the farms now have electricity available.

Reflecting the greater use of electricity in the production of foods for the war, the company also reported an average kilowatt hour use per farm customer of 2,362 for the year ended Sept. 30 as compared with 2,181 a year earlier.

Electric work-saving equipment listed as helping to speed farm production in northern Illinois included pig and chick brooders; milking machines; milk coolers, and milk stirrers; water warmers; water pumps; feed grinders and mixers; grain elevators; hay hoists; lighting in the farm buildings; and, more recently, hay drying.

CPL. HANKE IS BURIED IN BELGIUM, COMMANDER WRITES

The following letter has been received by Mrs. Nellie Hanke from Col. L. L. Doan, a regimental commander serving overseas—

"News of your son's death has already been communicated to you, but I wish to extend to you a sincere expression of condolence in your bereavement. A spirit of sadness always dominates the mention of such a great loss, but a ray of glory is also to be recognized in the account of a soldier's death during this campaign.

"Your son, Cpl. Allen D. Hanke, was killed in action September 21, 1944, in Germany. His body was interred in an American cemetery in Belgium, and an American chaplain conducted the burial service. Full military honors were performed at the grave.

"It was an honor to have had him as a member of this regiment, and to have been supported by the cooperation and assistance which he loyally devoted to duty. The courage and sacrifices of such men will assure our country of continued liberty and happiness.

"It is my fervent prayer that God will grant him all the blessings due to champions and heroes, and that we might live up to his high standard of service to our country."

Legion Will Sponsor Benefit Party Tuesday

Games, entertainment and refreshments will be enjoyed at a party to be held in the American Legion hall Tuesday evening, Dec. 12, at 8 o'clock for the benefit of the servicemen's and building fund.

The committee includes Roman B. Vos, Dr. G. W. Jensen, John L. Horan, F. A. Swenson, Vincent Nedbal, James Waters, C. L. Heath and Walter Hills. The party is to be open to Legionnaires, auxiliary members, their families and friends.

Eugene Colegrove, of Pioneer Family, Buried at Hickory

Eugene Colegrove, the last local member of a pioneer Antioch Township family, died in Lake County General hospital Friday following a lingering illness.

Services were held in the Strang Funeral home Tuesday afternoon at 2 o'clock with the Rev. Warren C. Henslee, pastor of the Antioch Methodist church, officiating.

Burial was in the family plot in Union cemetery at Hickory.

Colegrove, who was a bricklayer by trade, was preceded in death several months ago by an aunt, Miss Edith Colegrove.

"Silver Wings" Drive Aids Sixth War Loan

The War Finance committee is being aided in the Sixth War Loan drive in Illinois by the American Legion auxiliary, which is staging a "Silver Wings of Mercy" campaign to buy a fleet of 25 hospital planes, one from each of the districts in the state.

"Ever since our country entered the war, our auxiliary members have assisted in the various drives, without a special goal, says Mrs. Lillian Hand, president of the Antioch unit, "and now this hospital plane program has been set up to intensify their efforts.

"Each hospital plane will cost \$125,000 and will fly bearing a marker with the name, 'American Legion Auxiliary, Department of Illinois.' The drive, which opened Nov. 11, will continue until March 11, 1945."

Volunteer workers from the Antioch Legion auxiliary who are assisting in the drive by securing pledges for the purchase of bonds, in cooperation with the Antioch Township Sixth War Loan committees, include Mmes Carolyn Horan, Alma Harden, Agnes Hills, Anne Heath, Lillian Hand, Rose Kennedy, and Miss Charlene Jorgensen.

Railroad to Contribute to War Loan Campaign

Lake county Sixth War Loan drive will be credited with \$60,000 of the Milwaukee Road's purchase of government securities.

The road will invest \$30,000,000, and has arranged as it did during the Third, Fourth and Fifth Loan drives for every county in which it operates in 12 states to participate in its huge purchase.

Illinois is allotted \$8,220,000 to be distributed among the counties the road serves.

H. A. Scandrett, trustee of the Milwaukee road, in commenting on the purchase, said that in addition to assisting the United States in the prosecution of the war and contributing to the success of the Sixth War Loan drive, the investment, likewise, will be advantageous to the railroad.

Arrangements for the broadcasting of Christmas carols over a sound system operated by William Banett from Dec. 18 through Dec. 23 were discussed at a directors' meeting Monday evening.

Lights are to be installed for skating on Lake Antioch, it was announced.

Arthur Rosenfeld and Roy L. Murrie were called to Waukegan Monday morning for jury service with the circuit court. Murrie was elected foreman of the jury.

Wittle Egg
I wish I was a wittle egg
Away up in a twee
I wish I was a wittle egg
As wotten as can be
So when a mean ole sergeant
Would start to shout at me
I'd frow my wotten wittle self
And spatter down on he.

Quoting and re-quoting from the esteemed Publisher's Auxiliary—

Hoosier boy visits style capital of the world and reports:

PARIS HATS DIZZY

PARIS.—Madame, leave the dishes in the sink while I take you into my confidence about the comeback Paris is making as a fashion center and what effect it will have on alimony in the United States.

When your old man sees the new Paris numbers he will take back everything he ever said about those dizzy chapeaux you wore because some darling boy milliner conned you into the mistake any trusting maid might make. They are simplicity itself. And the hell of it is you will be simple enough to go for them, speaking as one married man to himself which is the custom.

The favorite item, with the chic Parisienne is a demonstration of what can be done with what's left over from Halloween. The fancy hat of the modish Parisienne has to be high in front. Her hair is done in front in one of three styles, the fright wig, the Harpo Marx or the Judge Landis.

Sometimes this imposing facade is arranged in intricate patterns as the college bands used to be between the halves of football games before the war. Mostly though it is merely swept straight up and when the dame looks at herself in a glass the hair should stay up unless in poor health.

Somewhere between the third and fifth stories of the hat there is a balcony constructed of the exterior of a deceased animal. There is enough room for a weather observation station on top of the hat.

The hairdo in the rear cascades and tumbles around the shoulder blades of milady giving her crowning adornment the general pattern, fore and after, of a ride at Riverview park.

Several French molls I have cased from a judicial distance introduce trick notes into their coiffures by having a few hanks braided and snaked around in the brush pretending to be a boa constrictor trying to scare up sleeping rabbits. The hair and hats are worn with any kind of a face, some as round as a cue ball, others as square as dice, using the word square in a geometric sense, and yet others on coffin-shaped pussies. With that hair business and the super screwy hats the dressy Parisienne is wearing earrings so big her ears hang down like saddlebags. One dame I saw had enough brass bells in her ears to outring Santa Claus' team in full gallop if she ever shook her head in negotiation. But she didn't look as though she were the sort of girl to make any noise meaning no.—Herb Graffis in the Chicago Daily Times.

Break Into Soo Depot, R & J Chevrolet Garage

A broken window pane and the loss of 47 cents in pennies left in the cash drawer have been reported by V. J. Keeney, depot agent, as the damages at the Soo Line depot after it had been entered by vandals sometime Saturday night.

No losses were reported at the R. and J. Chevrolet garage, where entry had also been gained by unknown persons Saturday night through the expedient of breaking a pane of glass. At the garage, the belief was expressed that the entry may have been the work of a group of youths seeking a warm place in which to sleep overnight.

Investigations are being made by village and Lake county authorities, and by private detectives in the employ of the railroad.

AAA Meetings Will Be Held Dec. 15, Dec. 16

A combined Antioch and Lake Villa township meeting in connection with the 1945 AAA program will be held in Antioch High school Dec. 15 at 8 p. m. Delegates will be elected to represent the two townships at a Lake County AAA meeting to be held in Farmers' hall, Grayslake, Saturday morning, Dec. 16, at 10 o'clock. The county committee for the coming year will be chosen at the Grayslake gathering.

An American League baseball picture, "World Series of 1944," will be shown at a meeting of the Lake Villa Men's Community club Tuesday evening in Henning Johnson's resort, Deep Lake, following a 7 o'clock roast beef dinner.

It is hoped that between 75 and 100 members and prospective members will be present at this meeting, says President Dan S. Boyer.

Plans for the public party the club will sponsor Saturday evening, Dec. 16, in the Lake Villa gymnasium are to be completed during a brief business session.

Col. Chester L. Fordney of the U. S. Marine corps is to be the speaker at a meeting of the club Tuesday evening, Jan. 9. Lt. James Simpson, Wadsworth, is also planning to attend.

War Fund Increases as Final Date Approaches

Antioch's War fund campaign is being steadily augmented by volunteer donations, Township Chairman William A. Rosing reported today, but is still several hundred dollars below its \$2,000 goal. The drive will close Dec. 15.

Donations amounting to about \$200 have been received during the past week, says Rosing, and the fund now amounts to about \$1,100.

Contributions may be made in cash, or in the form of checks or money orders made out to the War Campaign.

Essential equipment from Truck No. 2 has been mounted on a truck loaned by the Antioch Lumber and Coal company, Fire Chief L. R. Van Patten states.

The firemen expect to have the regular truck, complete with new motor, back in about a week. The old motor had been used for about seven or eight years.

Sound Advice

Americans would do well to heed the words of Secretary of Navy, James V. Forrestal, who said in New York recently that the American Merchant Marine is "the fourth great pillar" of our national strength, ranking the Navy, Army and the Air Forces.

It is a "necessary arm of the Army and the Navy," he added, and the future security of America, and that of the world, depends on the availability of a strong and large American merchant fleet.

Mr. Forrestal, concerned with the preservation of the merchant marine in the post-war period, immediately upon the conclusion of hostilities, he believes there should be laid up a reserve of merchant shipping between five and ten million tons. Trade routes formerly pilied by the Japanese should be taken over by the United States, our training program to develop high-type sea-going personnel should be continued, and the operation of our merchant fleet should be restored as quickly as possible to the hands of private industry.

MILLBURN

Twenty-two young people attended the December business meeting of the C. E. society at the Don Truax home Saturday evening. Plans were made to go caroling for the shut-ins Wednesday evening, Dec. 20. Mrs. Messersmith, who celebrated her birthday Dec. 4, was honored with a gift of stationery from the group, and a birthday cake from the hostess.

Dr. and Mrs. Herbert W. Hines of Springfield, Ill., spent the week-end at the Minto home, visiting their daughter-in-law, Mrs. Wallace Hines, and their new grandson, Wallis Gartsides Hines, Jr.

Boyd Corder of Cambridge, Nebr., who is attending midshipman's school at Northwestern University, was a week-end guest at the home of the Rev. and Mrs. Messersmith.

Millburn Red Cross unit, which has been meeting in rooms in the O. L. Hollenbeck flat, has finished the last

quota of surgical dressings for 1944. The members have given 571 hours and made 5129 dressings since June. The instructors of the unit wish to express appreciation to all who have helped and hope all will be ready to work again when new work is assigned.

Mrs. John Dickey and family, Lt. Marc Edwards and Miss Harriet Wendt of Forest Park were dinner guests at the home of Mrs. Mattie Edwards Sunday.

Mr. and Mrs. O. L. Hollenbeck, Mrs. Harley Clark and Richard Martin, S 2/c attended the installation of officers of the O. E. S. at Libertyville Saturday evening.

Miss Margaret Revnak of Highland Park was a week-end guest at the Eric Anderson home.

Mrs. Anna Bauman and son, Milton, attended the funeral services for their cousin, William McNeil, of Ingleside Tuesday.

Rev. and Mrs. Messersmith and

their guest, Mrs. Boyd Corder, were guests at the Engh home at Wadsworth Sunday.

Hibbard Ames of Evanston was a dinner guest at the Gordon Bonner home Thursday.

James Cunningham, Jr., S 1/c, returned to Great Lakes Naval Training station Monday morning after nine days' leave at the home of his parents at Deep Lake.

Mrs. Charles Hoff has returned to her home at Camp Lake after a few weeks' stay at the home of her daughter, Mrs. Frank Hauser.

Mrs. Frank Edwards was a dinner guest at Manor House Wednesday evening, when members of the Gamma Epsilon Beta Sigma Phi sorority entertained their mothers.

Richard Martin, S 2/c, from Great Lakes, spent the week-end with his parents. Sunday dinner guests at the Martin home were Mr. and Mrs. Frank Kennedy of Waukegan.

In the light of past experience the Secretary of Navy's advice should not be ignored. This is not the first time that America has been called to lend its weight in the defense of democracy, nor the first time that the American Merchant Marine has been a deciding factor. We can not presume that it will be the last.

The Big Question

Eric Johnston, President of the Chamber of Commerce of the United States, says: "When the war ends we shall have to go into reverse. We shall have to shift from a war economy to a peace economy. We must learn to sell again as well as to produce. Private initiative will have to take the place of government direction and planning." Millions of retail distributors will agree with Mr. Johnston heartily. They will have to do the selling of the products that our factories will be prepared to pour out in a flood. They will play a major role in striking the final balance between costs and prices that will start the wheels of peacetime industry turning and will keep them turning.

This country has the most efficient distribution system ever devised. There is little question but that it can do an A-1 sales job providing retailers are allowed to go ahead in their customary manner. They are used to training their own businesses in a competitive market. Traditionally, merchandising is a game in which the merchant serving his customers best enjoys the greatest success.

The big question now is, Are we going to allow the distribution industry to get back to normal methods of operation as quickly as possible when the war ends, or are we, under one pretense or another, going to continue wartime controls to the point where distributors are hampered in carrying out the most important sales job in history?

There is a Telephone
where I am living...
Can you connect it
for me?

This question is sometimes asked by newcomers—and by others who have not had telephones here—when they move into a home just vacated by another family and find the telephone still in place. They are apt to wonder why a telephone man soon arrives to remove the instrument and why they then have to wait before getting telephone service.

The answer is that many other applicants have already been waiting for telephone service . . . perhaps for weeks or even months.

So, the telephone used by former residents who order their service terminated—the wires to the central office—the switchboard outlet and all other equipment required to keep a telephone in use are assigned to the family next on our waiting list.

We appreciate the patience and understanding shown by those who have had to wait. And you may be sure that we are doing everything in our power to s-t-r-e-t-c-h all our facilities to give the best service to the most people.

A Christmas List of Lasting Gifts

Harry J. Krueger

AGENT

**The Equitable Life
Assurance Society**

390 Lake Street

Phone 471

ONCE more Christmas approaches! A day for giving—gifts that symbolize affection and love! A shopping list of presents... anticipating the joy they will bring to the receiver... also the pleasure for the one who gives.

What shall my gifts be this year? How can they reflect my love and affection for the members of my family?

Since love is such a lasting thing... then surely my gifts should reflect this permanency.

A definite provision for their future security... assured fulfillment of their needs and ambitions... surely this would be a lasting remembrance... a symbol of love that reaches out and will follow them down through the years.

A shopping list of lasting gifts for the loved ones in your family is suggested in this ad.

FOR MOTHER—

Surely she deserves the finest gift of all! Why not the assurance of a life-time of security... release from anxiety... an assured monthly income down through the years if anything should happen to you!

FOR DAUGHTER

Does she desire a special career... a course perhaps in art or music... or maybe she is dreaming of a lovely wedding some day. Even a small sum would provide funds for graduation or birthday presents. She will be so proud of your thoughtfulness.

FOR SON

The assurance of a college education or funds to start him off in life. A policy that guarantees these opportunities for your boy will bring out a glad "Gee, Dad, you're swell."

FOR DAD

Something for the "year-round" Santa Claus of the family! No matter how small, it will be deeply appreciated... an opportunity for the members of the family to cooperate in providing a modest nest-egg for Dad in later years.

AN EQUITABLE REPRESENTATIVE CAN TELL YOU OF THE NUMEROUS SERVICES THIS GREAT SOCIETY CAN PROVIDE FOR LASTING CHRISTMAS GIFTS THAT WILL FULFILL SUCH HAPPY PURPOSES.

Congratulations and Cup are presented to Norman Jorstad, whose brooder-raised Chester Whites took 3 "Firsts" at the Chicago Junior Hog Show. In addition to having champion single hog, Norman won top honors in the pen of three and pen of five competition. B. F. Heide made the Pillsbury Award presentation.

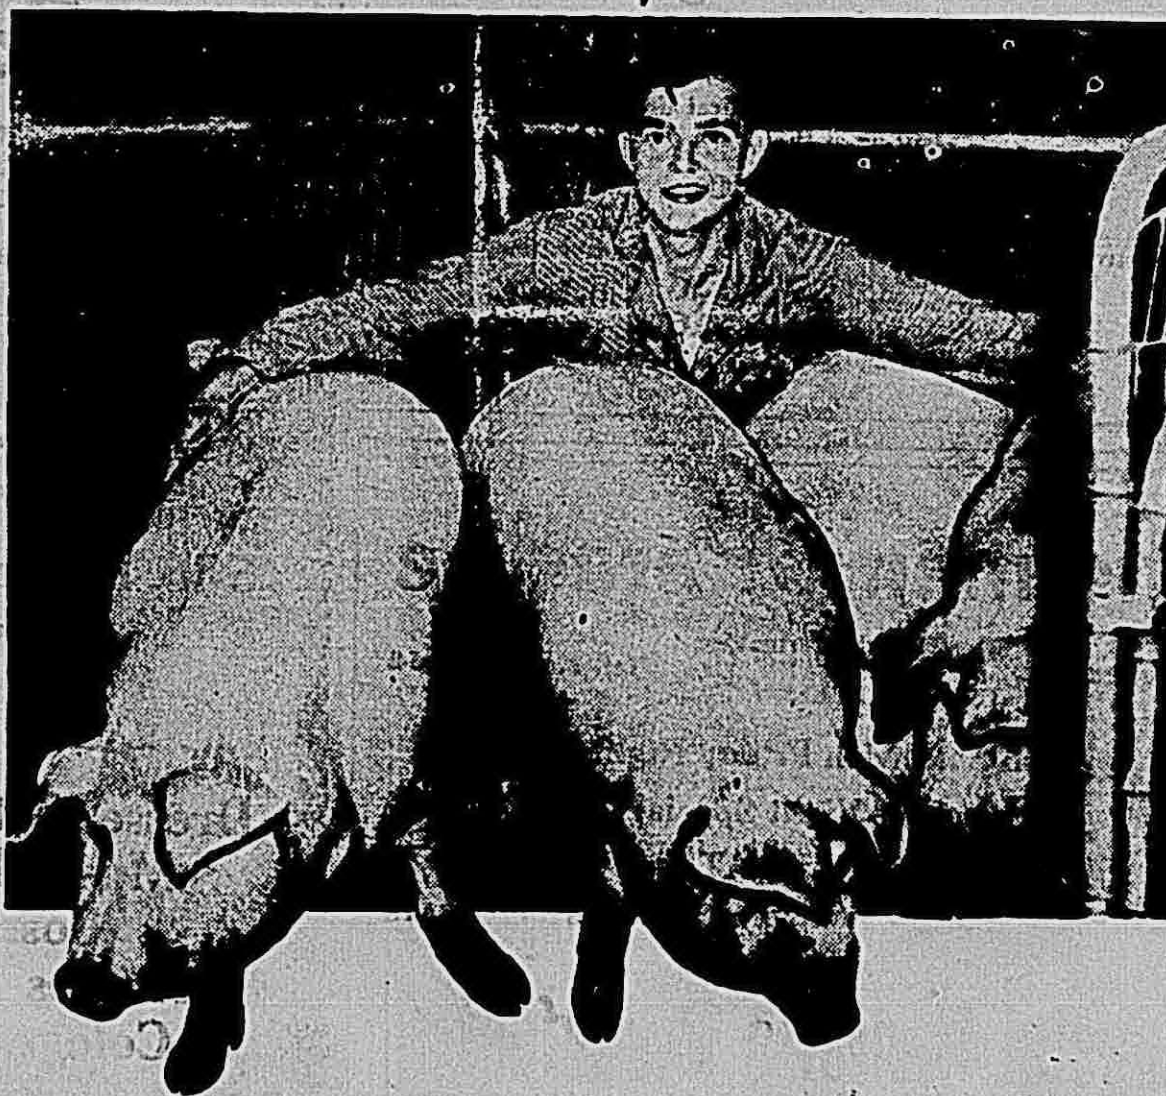

ELECTRIC PIG-BROODERS

gave my champion hogs
a healthier start

says NORMAN JORSTAD,

Chicago Jr. Hog Show Winner

Good authority on hog raising is 16-year-old Norman Jorstad of Morris, who has a head full of pay-off ideas when it comes to producing money-making pigs.

"Good management, proper housing, balanced feeding, and plenty of care and work helped make my Chester Whites winners", says Norman, "but before these came the matter of saving them when they were farrowed—and that's where my home-made brooders came in. Brooders were just what I needed to get my baby pigs off to a healthier, flying start... to give them the protective warmth they needed during their first critical weeks. The more you eliminate the element of luck after pigs are born, the greater the number that will grow to maturity and be marketed."

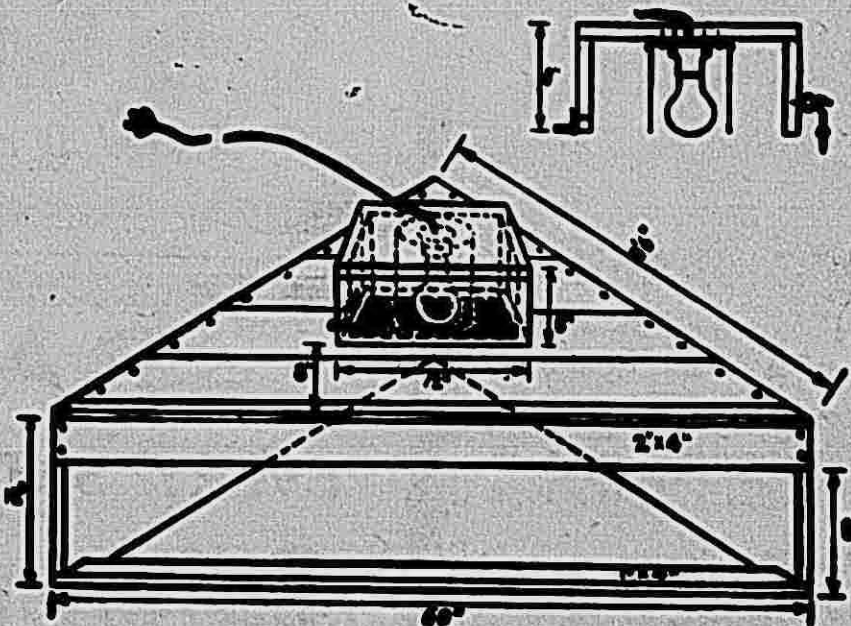

Here are Plans

for a low-cost, easy-to-make brooder that will provide both heat and a protected area for your baby pigs. Nail one or more of these brooders together now—be ready to cut pig losses resulting from killing cold or from baby pigs being lain on or trampled.

MATERIALS NEEDED:

- | | | |
|--|--------|---|
| 1-1" x 8" x 4' piece lumber | sides | 1-12" square piece hardware cloth |
| 1-1" x 12" x 7" " | front | 1-1 gallon can for reflector—be sure to fix can at least 1" above cloth |
| 1-2" x 4" x 5" " | bottom | 2-hinges |
| 1-1" x 4" x 5" " | bottom | 1-screen door hook—sufficient nails and screws |

NOTE: a 2" x 4" or a 2" x 6" should be placed in front of this brooder for protection.

Author Describes Experiences In Writing Her Books

"The first prerequisite an author needs is to feel and live her stories, so that she brings the characters to life for her readers," Phyllis Whitney, well known writer of books for the adolescent girl, told members of the Antioch Woman's club and their guests at a meeting in the home of Mrs. J. Ernest Brooks, Monday afternoon.

Mrs. Whitney is a children's page editor and reviewer of children's books for the Chicago Sun. In her talk she gave a "behind the scenes" glimpse into an author's experiences in gathering material for a book as well as in getting the book or story published.

She was introduced by the program chairman, Mrs. Nina Mathisen, who in turn had been presented by Mrs. A. H. Kaufmann, vice-president, presiding in the absence of Mrs. John Brogan.

Mrs. Whitney has written over 100 short stories that have been published in various periodicals and now has a new mystery novel for adults, "Red is for Murder." Her true ambition, she said, is to write for the adolescent child. She pointed out that in order to have religious and racial unity, one must teach the child true democracy.

Mrs. Kaufmann, who is war service chairman, reported that a check for \$44 had been set to the Illinois Federation of Women's clubs as the Antioch club's contribution toward the servicemen's Christmas. She also reported that \$37 had already been received towards the Vaughan Greenhouse fund, occupational therapy project for returned veterans.

The next meeting of the Woman's club will be at the home of Mrs. Earl Hays, Dec. 18. It will be a Christmas party with each person attending invited to bring a gift for another club member. The club chorus will furnish the music and there will be a book review by Mrs. Martin J. Thue of Chicago, "The Apostle" by Sholom Asche.

E. J. SLETTEN IS HONORED AT LUNCHEON

A card party will be sponsored by the Ladies' guild of St. Ignatius church Wednesday evening, Dec. 13, in Guild hall. Articles of fancy work, including aprons, will be on sale and there will be prizes and refreshments. Donation 35c.

You can't wipe this out with your tears!

BUT BONDS WILL HELP YOUR BOYS DO IT!

Your fighting men are paying back the Japs for Pearl Harbor, that "dead that will live in infamy." But it's a long way yet to Tokyo—where the final installment will be collected.

We, at home, can't fight shoulder to shoulder with our boys. Yet we can help today by getting behind the 6th War Loan Drive with every dollar we can scrape together. This is every American's war. Buy an extra \$100 Bond—and don't wait till you're asked. For we've a tough job ahead.

Your Bonds prove that you haven't forgotten Pearl Harbor, Bataan and the thousands of other crimes against humanity by the Jap hordes. Your Bond is an installment on what it's going to cost us to crush the Japs in the long sea lanes of the Pacific—it's going to take more superfortresses at \$600,000 each, more P-47 Thunderbolts at \$50,000 each—more of every type of material.

And remember, when you buy Bonds you are saving for your future and the future of your country. Don't put it off—buy that extra Bond today.

BUY AT LEAST AN EXTRA \$100 WAR BOND TODAY!

They gave a lot-Let's give a little . . .

SO THAT HOSPITALIZED VETERANS WHO HAVE BEEN RETURNED TO THIS COUNTRY FROM FOREIGN SERVICE MAY NOT BE FORGOTTEN AT CHRISTMAS TIME—

a nation-wide campaign is now underway to collect gift packages for them.

This is something that YOU can do!—Wrap a package (ranging in value from \$1.00 to \$5.00, nothing perishable, please), enclosing a card with your name and address, and take it to one of the local collection centers, where it will be picked up for distribution to a service hospital through the national American Legion organization.

There are several thousand hospitalized veterans in Lake county alone—and many gift packages will be needed!

SUGGESTIONS FOR YOUR CHRISTMAS GIFT TO A VETERAN:

Books; Toiletries; Things to wear—Sleeveless sweaters, tee shirts, nice handkerchiefs, good quality socks, bedroom slippers; Billfolds; Stationery and Games; Pipes, Smoking Tobacco, Cigarettes; Miscellaneous Gifts—Identification bracelets, Sun glasses.

(DO NOT SEND—Foodstuffs or razor blades.)

Please mark parcels "G. I. JOE" or "G. I. JANE."
